

Greetings to whom it may concern,

Testimonial for Stephanie Ho Yen Yui (NRIC:***362E)**

My name is Nasri Samat, I was Stephanie's former supervisor and project manager at Viziofly Pte Ltd for the duration of her internship.

Stephanie is efficient, work-oriented and extremely competent. She always completes her tasks on time and is always ahead of the project pipeline. On top of that, she will go out of her way to assist other colleagues with their work when they need assistance. She is well organized, has excellent time management and is always punctual for work.

Stephanie has worked with me on numerous projects most notably one with Channel News Asia for their Documentary series, Remembering Me. Where we worked on experimental facial tracking technology and implementing it into VR. Stephanie also did motion tracking animation in the same series for Mr. Kiasu actor Chew Chor Meng.

Stephanie is well liked by everyone in the office as she is very sociable and thoughtful. She is always sharing ideas during team discussions and is honest about sharing her opinions regarding creative matters. She is proficient in self-learning, able to learn new software and adapt to her tasks as needed.

In summary, I highly recommend Stephanie for any position or endeavor that she may seek to pursue. She will be a valuable asset for any organization/school/award candidate.
